Easy Open Ends (EOE)

Aluminum pull-tab lids for beverage cans – available in stay-on-tab, RPT, and full-aperture designs for beer, CSD, energy drinks, and juice.

❏ **Customization options:** Color ends, QR code ends, embossing, CRV ends, and laser-coded ends available. MOQ: ~200,000 pcs/SKU per pallet.

Material

Aluminum 5182-H48

Sizes

200# / 202# / 206# / 209#

Types

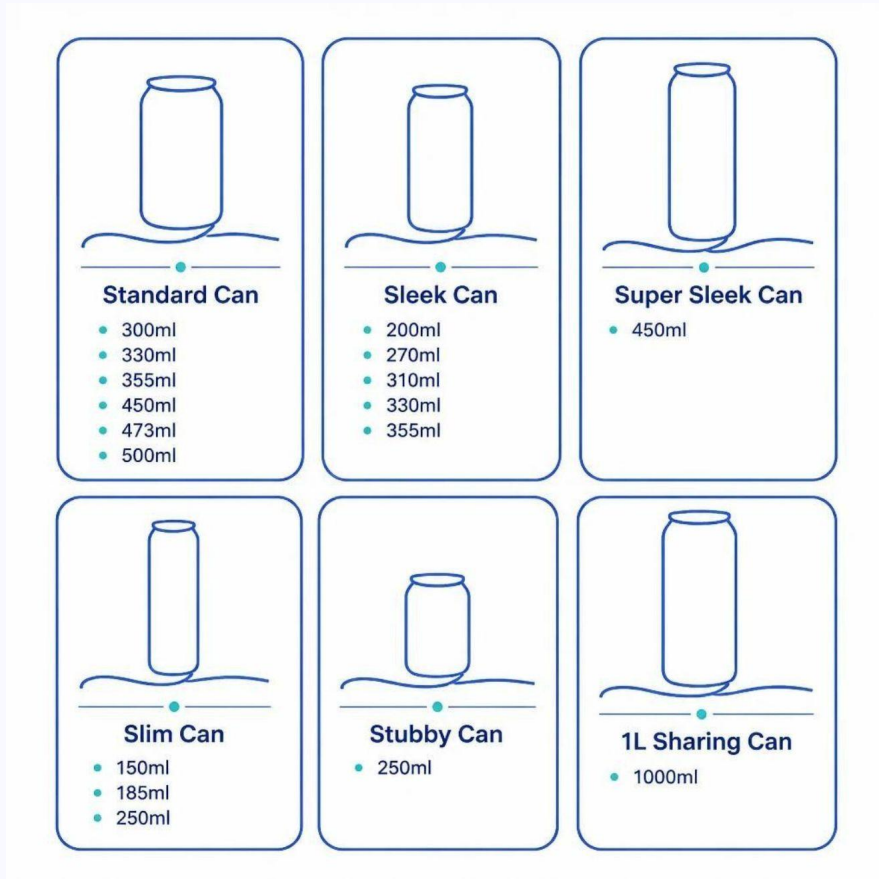

SOT · FA · RPT (B64, CDL)

Coating

Epoxy / BPA-NI (internal & external)

Full Range of *Aluminum Can Sizes*

17 standard formats across 6 body types – all available in custom print, plain, or private label.

Standard & Sleek Highlights

- **330ml Standard** – World's most popular beer & CSD format
- **355ml Standard** – Dominant US & Americas size
- **473ml Tall-Boy** – North American energy drink & craft beer standard
- **500ml Standard** – European lager & energy drink favorite
- **330ml Sleek** – Premium craft brewery go-to worldwide
- **250ml Slim** – Global energy drink standard (Red Bull-style)

Why Brands Choose *Us*

From craft breweries to multinational beverage corporations, we deliver consistent quality, competitive pricing, and reliable global logistics.

State-of-the-Art Factory

200,000 m² facility with automated DI can-making lines and high-speed EOE presses – 2B+ units annually.

Rigorous Quality Control

200+ checkpoints per batch – leak tests, wall thickness, pressure tests, and food-safety compliance on every run.

Custom Branding & OEM

Full 360° lithographic printing, up to 8 colors, Gloss/Matte finishes, shrink-sleeve compatibility. Design support included.

Competitive Pricing

Direct factory pricing, no middlemen. Volume discounts from 500,000 units. Transparent FOB, CIF, and DDP quotes.

Certified for *Global Markets*

Our certifications ensure your products meet the strictest food safety, quality, and regulatory requirements in every market we serve – from North America to Europe, Asia, and beyond.
